Los Angeles: Gene Witkin joins Ross Hart's Mediation Team at AMCC.

AMCC is pleased to announce Gene Witkin, Esq. has joined Ross Hart's esteemed roster of professional neutrals. Mr. Witkin comes to AMCC following a prestigious 30+ year active career in complex litigation, insurance disputes and conflict resolution across the United States for both plaintiffs and defendants. With an already prominent group of active mediators, Ross Hart adds his endorsement of Mr. Witkin's move to a mediation career: "I am extremely pleased that Gene Witkin has joined us here at AMCC as a full-time mediator. I have worked with Gene for nearly 25 years in different capacities; he has appeared before me many times in his role as counsel for plaintiffs, defendants, cross-defendants and insurers, including developers, contractors, homeowners and HOA's, as well as coverage counsel for insurers, policy holders and claimants. Gene's broad experience, skill set, intelligence, creative thinking and calm demeanor bode very well for his mediation career. I look forward to working with Gene for many years as my colleague at AMCC."

Gene is also welcomed by many leading stakeholders in the CD arena. Domingo Tan, partner at the national firm Wood Smith Henning & Berman, offers: "I have worked on many cases involving Gene over the last 20 years. I have always viewed him as someone with the skills and temperament to excel as a mediator. In addition to his strong legal background and knowledge, Gene has demonstrated himself to be trustworthy, empathetic, perceptive, open-minded and passionate in his handling of cases and he always looks for reasonable and creative ways to get matters resolved. Gene has my highest recommendation as a mediator particularly in matters involving complex contract or insurance issues."

Scott Shelley, a former Partner at 200+ lawyer firm and current in-house litigation counsel at publicly-traded company adds, "I have worked with Gene for over ten years and cannot recommend him highly enough as a mediator. Gene is a "lawyer's lawyer" who offers a truly rare combination of legal acumen, extensive experience in a wide variety of practice areas, objectivity, professional courtesy, and friendliness that is not often seen in practitioners today. Gene is also well-known as a "peacemaker" and creative "bridge-builder" with a proven track record of uniting parties and their lawyers, and insurers where appropriate, to get matters resolved. Due to his unique combination of personal characteristics and abilities, I cannot think of a more suitable mediator for complex, emotional, or otherwise difficult cases that require a mediator capable of earning the trust and respect of those involved."

Testimony to Gene's extensive skillset comes from Luke Ryan of Shinnick & Ryan, LLP, and "Gene and I have known each other in the Construction Defect field for over 20 years. I've always found him to be one of the most honorable and upstanding attorneys I've ever worked with. He is a man of his word. He is to be trusted in all of his endeavors. I believe these qualities will make him a wonderful mediator. I wouldn't hesitate to seek him out to help me with any of my cases."

Mr. Witkin has extensive mediation and arbitration experience from both sides of the table, which he draws upon to assist parties in creating fair and appropriate resolutions. As a six year annually ranked Super Lawyer and AV rated Preeminent Attorney by Martindale-Hubbell, Mr. Witkin's professional accolades are only exceeded by his charitable and volunteer activities, which include Habitat for Humanity, Special Olympics and Saddle-Up!. He graduated from UCLA after receiving his undergraduate degree from University of California at Irvine, with Phi Beta Kappa and Phi Eta Sigma honors.

Mr. Witkin is available for mediations, arbitrations and special master / referee cases across the United States. His Bar Admissions include California, Colorado, Texas, Tennessee and the 9th and 10th Circuits.
